World Summit Tour 2017

Your confidence is our inspiration

To bring the universal theme of inspiration and confidence to you, the World Summit Tour will visit **Tokyo, San Diego, Nice, and Shanghai.**

Take a journey of innovation and discovery led by a scientific committee and renowned international and regional speakers. Enjoy a state-of-the-art scientific program, workshops and product demonstrations, all designed to inspire and broaden your knowledge.

Personalize your experience to best fit your interests and needs by combining general sessions, hands-on workshops, and your choice of various parallel sessions.

Through the presentation of clinical evidence and strategies for treatment success, as well as peer-to-peer discussions, you will gain renewed confidence knowing you are providing your patients with the best treatment solutions available.

Join us in

San Diego

May 12-13,
with pre-congress on May 11

Pansick, Ethan
Paquette, Jacinthe
Pin-Harry, Oliver C.
Reznick, Jay
Romanos, Georgios
Rubinstein, Sergio
Schmidt, Joseph
Shafie, Hamid
Spatzner, Mark
Stanford, Clark
Weng, Dietmar
Wong, David
Zadeh, Homa H.

PRE-CONGRESS THURSDAY MAY 11

1.00 PM– 5.00 PM	Demystifying the fully digital implant patient	Implant-related bone grafting for the management of everyday soft tissue defects	From what is expected to what is exceptional—the difference of legendary implant services in your office	Photography and dentistry—a comprehensive workshop	Evolution of dental implant therapy—achieving superior functional and esthetic results with a sloped implant
---------------------	--	--	--	--	--

CONGRESS FRIDAY MAY 12

Partnering for health and well-being A key aspect of health is realized when we can eat, speak and smile with confidence. As a dental professional who provides implant care, you can make a significant difference for your edentulous patients by restoring function and esthetics.	
COFFEE BREAK in the Inspiration Hub	
Individualized protocols for patient-centered outcomes With advancements in technology and clinical protocols, patients today are able to receive solutions that are as unique as they are. Can optimal, patient-centered outcomes be achieved without compromise to quality?	Practice success with the patient in focus Digital/analog processes and the tools supporting treatment must be precisely engineered, continuously evaluated to ensure maintained level of accuracy—key treatment factors making a difference, for happy, satisfied patients.
POSTER PRESENTATION	LUNCH BREAK in the Inspiration Hub
Life restored—solutions for the fully edentulous patient There is a variety of solutions designed to meet the individual needs of fully edentulous patients. These options take into account clinical situations, financial requirements and patients' expectations.	The reality of complications Complications are an inevitable clinical reality. What are the most frequent problems we see? How can complications be managed? What measures can be taken to prevent them?
COFFEE BREAK in the Inspiration Hub	
Inspiration TALKS—Precision speaks for itself Precision is a word that creates expectations for both clinicians and patients. However, both predictable outcomes and happy patients can be a reality as a result of successful implementation of a precisely outlined diagnosis and treatment planning.	

CONGRESS SATURDAY MAY 13

8.30 AM– 10.00 AM	Digital blueprint—beginning from the end Digital dentistry allows us to define the final desired result and to plan the treatment needed to achieve it. Digital connectivity leads to expanded solutions and the ability to provide treatment to more patients.	Creating a sound biological foundation For both simple and complex implant cases, the building of, and ability to maintain a solid biological foundation can contribute to the long-term, cost-effectiveness and efficiency of the overall treatment outcome.
10.00 AM– 10.30 AM	COFFEE BREAK in the Inspiration Hub	
10.30 AM– 12.00 PM	Outlook on a bright future Today, dental implant treatment is already making a huge difference for millions of people in their physical and emotional well-being. As a dental professional, you are helping to create stories of inspiration and improved quality of life each day. The future of implant dentistry is full of unexplored possibilities and new opportunities for patients and clinicians.	

POSTER COMPETITION

Step into the light and showcase your research

An important and inspiring part of any scientific congress is the Poster Competition. Now the Scientific Committee for the World Summit Tour welcomes aspiring scientists to take the opportunity to step into the light and showcase their posters in the categories Clinical Application and Research.

Find out more about submission guidelines at www.worldsummittour.com

INSPIRATION HUB

Let's meet at the point where inspiration, knowledge and confidence come alive in implant treatment solutions—the Inspiration Hub. Discover the latest products and protocols. Increase your knowledge and skills by joining short hands-on sessions. Listen and learn from experienced colleagues. Network with peers and friends. And get inspired.

EVENING EVENT

Join us at the Coasterra on the San Diego Bayfront for a memorable evening with friends and colleagues. Revel in the amazing view, the beautiful sunset, and the delectable food and drink while enjoying the evening's entertainment.

Friday, May 12, 7.00 PM – 11.00 PM
